DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 9-10, 14 and 40 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Hogg 6,210,382.

Hogg discloses a stackable product container (22), which comprises a bottom (24), a plurality of side walls (32) and a top (36), a spout (38) extending from top (note: one having ordinary skill in the art would consider element (38) to be a spout, since Hogg specifically discloses that the improved container is made of sturdy plastics or metal for repeated use, see col. 1, ll. 22-30 and col. 3, ll. 22-25), a splash guard (46) disposed proximate the spout and being located completely within a periphery defined by the side walls, a handle (42).

Applicants should note that statements of Intended use (preamble), i.e., "a paint container", has not been given patentable weight because it has been held that a preamble is denied the effect of a limitation where the claim is drawn to a structure and the portion of the claim following the preamble is a self-contained description of the structure not depending for completeness upon the introductory clause. *Kropa v. Robie*, 88 USPQ 478 (CCPA 1951).

As above, alternatively, it would have been obvious to a person having ordinary skill in the art to employ paint as the material within the container.

Allowable Subject Matter

3. Claims 1-3,7,36-37,39,16-19,41,20-23,25-26,38 and 42 are allowed.
4. Claims 13 and 15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

5. Applicant's arguments filed 9/12/2003 have been fully considered but are moot in view of the new ground(s) of rejection.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
